Dear Resident

West Midlands Interchange – upcoming Vicarage Road traffic management

I am writing to provide you with information on our upcoming programme of highway works related to the construction of the West Midlands Interchange (WMI) Development.

As part of this programme, we are constructing a new temporary section of carriageway on Vicarage Road to allow access to the WMI site. We are now ready to connect the existing carriageway to move traffic to the new road.

To complete our work safely, two-way traffic lights will be in operation over four weeks in the areas highlighted in the map below:

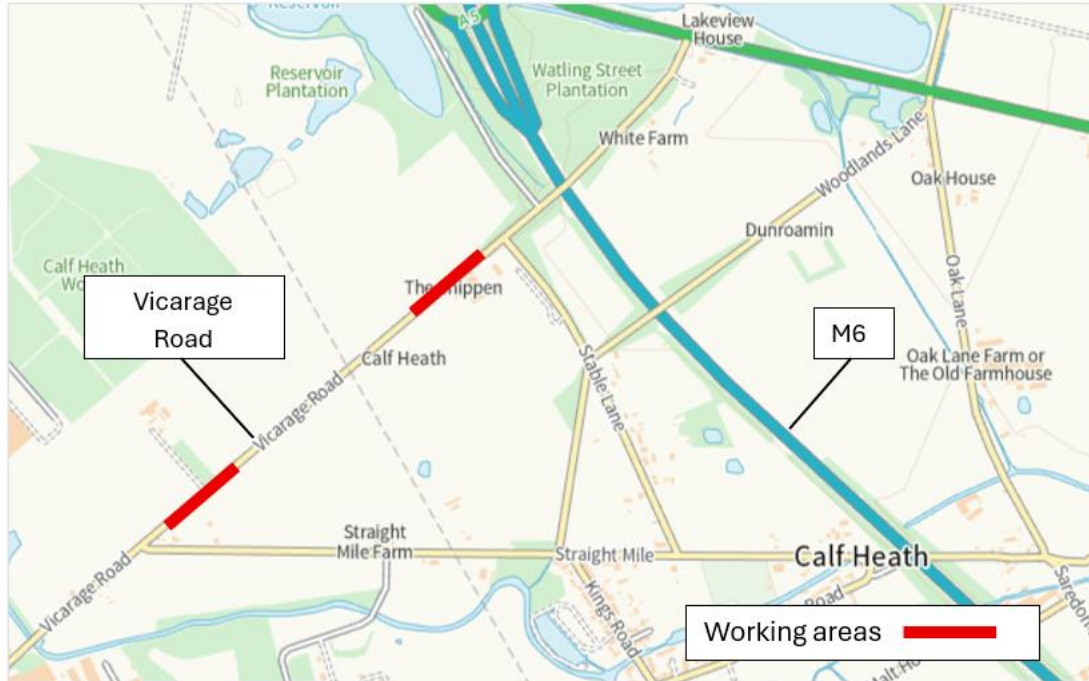

- **Monday 11 August to Friday 22 August:** Connecting the existing carriageway to the new road.
- **Monday 25 August to Friday 29 August:** Vegetation clearance to allow access to working areas.
- **Monday 1 September to Friday 5 September:** Surfacing works to complete the connection.

Our working hours will be 8am to 6pm, Monday to Friday. There may be some occasions where we will need to work on Saturdays. Where this is required, our working hours will be from 9am to 1pm.

We would like to reassure you that Winvic and all involved in the project will ensure any disruption to road users and local businesses is minimised. Please be aware you may see our workforce on site up to one hour before and one hour after these times to set up and secure our equipment.

Please see a map of the works and our contact details below.

Our working area

Contact us

We hope this information is helpful and we apologise for any disturbance these works may cause. Should you have any questions or concerns please feel free to contact us via email contactus@communityrelations.co.uk or call 0800 377 7345.

A cut off section has also been provided below with all our contact details.

Yours sincerely

David Wright
