**18 September 2025**

Dear Resident

### **West Midlands Interchange – A5 single lane closure**

I am writing to provide you with information on our upcoming programme of highway works related to the construction of the West Midlands Interchange Development.

As part of this programme, we will be clearing vegetation and digging small test holes on A5 Watling Street between M6 J12 and Gailey Roundabout **from Monday 22 September to Tuesday 23 September, from 8pm to 6am each night**. Our working area can be seen on the map below.

To complete our work safely there will be a single lane temporary traffic light closure in place, with the westbound lane closed. Access to properties will be maintained. Please be aware you may see our workforce on site up to one hour before and one hour after these times to set up and secure our equipment.

### **Working area**

Our work may generate some noise but is not expected to be disruptive throughout the night. We thank you for your patience while we construct the development. We would like to reassure you that Winvic and all involved in the project will ensure any disruption to road users and local businesses is minimised.

In addition to these works, we will be clearing vegetation at the access road to Avenue Cottages. We will maintain access for residents and visitors here while the work is being carried out.

### **Contact us**

We hope this information is helpful and we apologise for any disturbance these works may cause. Should you have any questions or concerns please feel free to contact us via email [contactus@communityrelations.co.uk](mailto:contactus@communityrelations.co.uk) or call 0800 377 7345. A cut off section has also been provided below with all our contact details.

Yours sincerely

**David Wright**  
Project Manager, Winvic Construction
