5 November 2025

Dear Resident,

West Midlands Interchange – A449 Stafford Road traffic management

I am writing to inform you of upcoming traffic management as part of the West Midlands Interchange development. The construction of two new laybys on the A449 Stafford Road to replace the eastbound and westbound laybys on the A5 Watling Street, has recently been completed.

As part of the post-construction work, we will be completing essential vegetation clearance and planting work. For the safety of road users and our workforce, we will be installing daytime lane closures on the A449 Stafford Road during the following dates:

- **Monday 17 November to Friday 21 November: Northbound carriageway lane 1 closure**
- **Monday 24 November to Friday 28 November: Southbound carriageway lane 2 closure**

A map of our working area can be seen on the following page. Our working hours will be 8am to 6pm, Monday to Friday. There may be some occasions where we will need to work on Saturdays. Where this is required, our working hours will be from 9am to 1pm.

We would like to reassure you that Winvic and all involved in the project will ensure any disruption to road users and local businesses is minimised. Please be aware you may see our workforce on site up to one hour before and one hour after these times to set up and secure our equipment.

Contact us

We hope this information is helpful and we apologise for any disturbance these works may cause. Should you have any questions or concerns please feel free to contact us via email contactus@communityrelations.co.uk or call 0800 377 7345.

A cut off section has also been provided below with all our contact details.

Yours sincerely

David Wright
